November 6, 2019

Dear Members of CWA Local 1051,

I am pleased to announce Glenn Seely is now officially the Executive Vice President of CWA Local 1051. We received one challenge letter within the ten-day time frame required.

Per the CWA issued; How to Conduct Local Union Elections manual, the Election Committee would be the body to vote on whether to accept the challenge or deny. Since we did not have an Election Committee, the responsibility deferred to the Executive Board. The Executive Board reviewed the challenge and determined that all points provided by this member were found to be unsubstantiated and therefore the challenge was denied. A letter detailing the Executive Board's determination was mailed directly to the member who submitted the challenge.

On a brighter note, we look forward to working with Glenn Seely and welcome his knowledge and experience. We know that he will be a great contribution to the Local.

On behalf of the Executive Board,

James O'Donnell

James O'Donnell
President CWA Local 1051
